#### THE STORY OF VINOL

By Druehl & Franken.

Our experience with medicines extends over many years. We've had ample opportunity to watch thousands of them and their results. We've never seer any medicine sell itself as does Vinol. Customer after customer comes for Vinol again and again. That's the beet kind of a testimonial. They wouldn't want a second bottle if the first gave no help or rellef. We want everybedy in Salt Lake City to know the value of Vinol and how we stand behind it.

Vinol is popular and it takes because it possesses merit. Vinol contains all the curalive, strength-creating elements of cod liver oil, without the nauseating, disagreeable taste and smeil of the oil. Any one can take it without making a face. Old and young can digest it. There are many imitstions. of Vinol made from drugs and chemicals which are said to have the same effect as Vinol, but please remember the makers of Vinol are the only ones in the world who know the secret of separating the curative elements of the cods livers from the oil and grease, and who can make for you a preparation containing all of the real alkaloids or medicinal principles of cod liver oil and not fool you with chemicals said to resemble the cod liver oil alkaloids. Therefore, there can be nothing just as 'good'. Vinol gives you a hearty appetite. It does more. It tones up the stomach, it builds up the system in many ways. It's a tonic—a blood maker, a flesh creator and tissue builder. It's one of the best things known to medicine for weak lungs, wasting diseases or general debility.

We've sold hundreds of bottles of Vinol and guaranteed them. Hardly one in a hundred comes back to us. If you have not yet used Vinol we strongly commend it to you. Your money refunded if it does not benefit. Druchl & Franken, druggists, also Smith Drug Co.
